Vol. VI, No. 11

November 1962

OCTOBER UNIFORM PRICE \$4.04

Dairy farmers will receive a uniform price of \$4.04 for October 1962 deliveries of Grade A milk to handlers under the South Bend-LaPorte-Elkhart, Indiana, milk order. The uniform price is based upon a butterfat test of 3.5 percent, and will be adjusted by a differential of 7 cents for each one tenth percent that tests vary above or below the 3.5 percent standard. This minimum price is subject to a 4 cent per hundredweight marketing service deduction, together with the authorized hauling charge.

PRODUCER RECEIPTS

Average daily receipts of producer milk were up 3 percent over September deliveries, but were 5.5 percent less than October deliveries of 1961. Daily herd production increased 30 pounds per day over September with a loss of six producers on the market. For the first time in several months, the average daily herd production was below the daily herd production of the corresponding month of the previous year. If this develops into a trend, it might mean that dairy farmers are trying to cut down on their production.

CLASS I SALES

Class I sales on a daily average showed a gain of 5 percent over September and almost a 2 percent increase over October 1961. This gain in Class I sales, plus the fact that there was a decrease in producer receipts of 5 percent from a year ago, gives a 79 percent utilization of Class I producer receipts. This is the highest utilization since November of 1960.

In our statistics on Class I sales, we have listed 2 percent skim milk sales separately for the first time. This is the second largest item in pounds sold of the Class I products. Sales of this product increased 60,000 pounds over the September 1962 delivery period.

CLASS I PRICE

The Class I price for the November 1962 delivery period will be \$4.39 per hundredweight for 3.5 percent milk. This price was computed by adding \$1.30 per hundredweight to the basic formula price (\$3.07), plus the 2 cent supply-demand adjustment. The supply-demand adjustment for the December delivery period will be a plus 4 cents.
